The College of Arts and Sciences

Established as the College of Liberal Arts (in 1868), the College of Arts and Sciences (as it was renamed in 1992) is the oldest and largest academic unit of Howard University, with over 4,000 enrolled students. Nicknamed “The Flagship,” the College of Arts and Sciences provides students with a first-class education grounded in the quest for intellectual freedom, social justice, artistic expression, experiential learning, and the pursuit of knowledge and academic excellence.

Our students engage in solutions to human, scientific, and social problems through rich curricula that provide a solid foundation for advanced studies and academic degree programs. These curricula are designed to enhance the students’ communicative, analytical reasoning, critical thinking, and quantitative skills. As the Flagship of Howard University, the College of Arts and Sciences involves students in cutting edge research and hands-on learning. Students also build their knowledge and learning through co-curricular engagements that nurture their sense of responsibility to communities based locally, nationally, and internationally.

The College of Arts and Sciences offers bold and innovative interdisciplinary courses that bridge the humanities to the natural and social sciences.

This methodology responds to the demands of a fast-changing and diverse world. It also provides a haven to culturally diverse students of all academic pursuits. The College addresses serious issues in society, especially the ones that people of African descent confront. It also fosters safe spaces in which students embrace diversity, traditions, and many visible and invisible differences.

Students are part of a community that values academic excellence, career readiness, and empathetic leadership. Our aim is to help students acquire what W.E.B. DuBois termed “broad sympathy” knowledge of the world that was and is, and their relation to it. We aim to engender in students respect for others and tolerance for ideas that differ from their own. We help them to learn and appreciate who they are and from whence they have come. We empower them to become life-long learners and foster in them a love for freedom, justice, and a commitment to excellence, truth, and service.

We thank the family members, friends, mentors, staff, and faculty, who have dedicated their wit, knowledge, and passion to accompany our graduates in their academic journey. You have helped them to become innovators who can meet societal challenges and produce positive transformational outcomes.

To The Class of 2025

What an incredible journey it has been—and what a joy it is to celebrate your achievements!

Throughout your time in the College of Arts and Sciences, you've made us proud in countless ways. Some of you have earned prestigious national awards, while others secured competitive internships with leading organizations across the country.

Over one hundred of you received passports to explore the world, gaining global perspectives on the issues that matter most to our shared future. We are bursting with pride and gratitude—for your dedication, resilience, and brilliance. You leave here not just with a degree, but with the skills, insight, and courage to challenge convention, uplift communities, champion justice, and build a more equitable and sustainable world.

Your voices matter. Your presence will shape institutions, influence culture, and drive meaningful change. Use the education you've gained as a springboard for bold action—whether that's advancing democracy, advocating for the environment, or innovating in ways that uplift our collective humanity.

You are ready. Ready to be the light, the leaders, and the change agents the world so urgently needs. As you step into this exciting new chapter, may you find balance—between ambition and joy, purpose and rest, success and service.

Thank you for choosing the College of Arts and Sciences to be a part of your story. You now join a distinguished legacy of alumni making an impact around the globe. Know that you always have a home at the Mecca, and we look forward to staying connected through meaningful alumni initiatives designed with you in mind.

Congratulations again. The future is bright—because you're in it.

and
Department Chairs

SPECIAL RECOGNITIONS

FAREWELL REMARKS

Ann Laurie Pierre – Natural Sciences

Somtochim Ugoh – Humanities and Social Sciences

THE RECESSION

Initiatives and Standards

GENERAL HONORS

cum laude

Students who graduate *cum laude* have a cumulative grade point average of 3.20 to 3.49.

magna cum laude

Students who graduate *magna cum laude* have a cumulative grade point average of grade point average of 3.50 to 3.79.

summa cum laude

Students who graduate *summa cum laude* cumulative grade point average of 3.80 to 4.0.

PHI BETA KAPPA

Phi Beta Kappa is the oldest (1776) and most prestigious honor society in the United States. Nationally, there are 293 chapters of Phi Beta Kappa. Gamma chapter of the District of Columbia was founded at Howard in 1953. In 2008, the Phi Beta Kappa Society was awarded the Arts and Sciences Advocacy Award from the Council of Colleges of Arts and Sciences.

HONORS PROGRAM

Students admitted to the College as freshmen are invited to join the Honors Program if they have graduated from high school with a cumulative average of 3.50 or higher and have a combined S.A.T. score of 1200 or higher. Students who do not enter the Program as freshmen or who transfer to the College may be accepted at the beginning of their sophomore year (and present a grade point average of at least 3.50). Graduates of the Honors Program must maintain a grade point average of at least 3.20 during their tenure at Howard University. This program provides a dynamic, challenging, and exciting experience for scholars who arrive at Howard highly motivated and well-prepared for a rigorous academic journey. Completing a senior thesis is also a requirement.

DEPARTMENTAL HONORS

Students who graduate with “Honors” have a cumulative grade point average of 3.20 or higher, as well as a 3.20 grade point average or higher in their major and minor fields. During their senior year, students must pursue an honors plan, which consists of a special project or individual work approved by the department of their major concentration. The work or project must be completed with distinction, e.g., a grade of “B” to receive the award “Honors.” Students must also pass the comprehensive examination with a grade of “B” to receive “Honors.”

HIGH DEPARTMENTAL HONORS

Students who graduate with “High Honors” have a cumulative grade point average of 3.20 or higher, as well as a 3.50 grade point average or higher in their major. During their senior year, students must pursue an honors plan, which consists of a special project or individual work approved by the department of their major concentration. The work or project must be completed with distinction, e.g., a grade of “A” to receive the award “High Honors.” Students must also pass the comprehensive examination with a grade of “A” to receive “High Honors.”

DOUBLE MAJORS

The candidate majored in two academic disciplines. The candidate will receive two degrees.

B.S./M.D. and B.S./D.D.S.

These are joint programs between the College of Arts and Sciences and the Colleges of Medicine and Dentistry. Students may obtain the B.S. and/or M.D., D.D.S. degrees in six years.

***** The appearance of a name in this Program is presumptive evidence of graduation, but it must not in any sense be regarded as conclusive. The diploma of the University, signed and sealed by its proper officers, remains the official testimony of the possession of the degree. Some names may not appear in this program due to late final clearance. Honors distinctions listed in this program may be incorrect due to final submission of grades; Honors distinctions will be accurate on your final diploma.**

THE CONFERRING OF DEGREES IN COURSE

The order of presentation of Schools and Colleges for the conferring of degrees is based on two factors—the year of establishment of the School or College and the distinction between graduate/professional and undergraduate programs. The first six Schools and Colleges, beginning with the College of Arts and Sciences and ending with the College of Nursing and Allied Health Sciences, were established between the years 1868 to 1974. Undergraduate programs are predominant in these six Schools and Colleges. The next six Schools and Colleges, beginning with the College of Medicine and ending with the School of Social Work, were established between the years 1868 and 1945. These Schools and Colleges offer professional graduate level programs. The last School listed, the Graduate School, was established in 1934 and offers graduate-level programs exclusively.

IN THE COLLEGE OF ARTS AND SCIENCES

The Candidates will be presented by

RUBIN PATTERSON, PH.D., DEAN

DIVISIONS OF HUMANITIES, SOCIAL SCIENCES AND NATURAL SCIENCES

BACHELOR OF ARTS

Kylee Adams <i>summa cum laude</i>	Quincy Baker <i>summa cum laude</i>	Kelaiah Bostic

Rama Bah		Kelaiah Carey <i>summa cum laude</i>
Alafia Bailey		
Kailyn Bailey <i>magna cum laude</i>		

The appearance of a name in this Program is presumptive evidence of graduation, but it must not in any sense be regarded as conclusive. The diploma of the University, signed and sealed by its proper officers, remains the official testimony of the possession of the degree. A single asterisk () following a name denotes a posthumous degree candidate. A double asterisk (**) following a name denotes a dual degree graduate.*

Acknowledgements

Thank you to everyone who contributed to making this year's graduation a success.

We sincerely appreciate the time, effort, and support from faculty, staff, volunteers, and partners across the University. Your dedication helped create a memorable and meaningful celebration for our graduates and their families.
We could not have done it without you!

Faculty, Staff, and Student Volunteers

Office of the Dean, College of Arts and Sciences Staff

Office of University Events & Protocol

Office of University Graphics and Printing
